EXPERIENCE

01/2024 - 06/2024

NAGPUR,INDIA

• Web Development Intern(6 Months)

ICEICO Technologies Pvt Ltd

- I Have Successfully completed a hands-on Web Development Trainee Internship Program, where I gained practical experience in front-end and back-end web development. During the program, I worked with technologies such as HTML, CSS, JavaScript, and frameworks like React, alongside server-side technologies like PHP and MY SQL. I collaborated with teams to build and deploy dynamic, user-friendly web applications, and participated in debugging and testing to ensure code quality. Through the internship, I developed a strong understanding of the full web development lifecycle, from design to deployment, and honed problem-solving and teamwork skills in a professional setting.

PROJECTS

Project Name

E- commerce website (Online shopping portal)

Increased mobile and internet penetration has changed our shopping pattern dramatically. Instead of queuing up in malls or stores buyers prefer ordering goods and services on the go from their mobile phones. This necessitates that businesses take a cue and create mobile friendly online stores that deliver products at the doorsteps of their customers.

MEDIPLUS (Services)

In the rapidly evolving landscape of healthcare, the integration of digital solutions has become essential to meet the growing demands for convenience, accessibility, and efficiency. MediPlus, a pioneering healthcare provider, is at the forefront of this digital transformation, offering an innovative suite of online services designed to enhance patient experience. MEDIPLUS services: The online appointment booking system and the "Contact Us" facilities that connect patients with expert doctors across various specialties.
